BISBEE DOCTOR HELD UP BY "COKE" FIEND

Told To Produce The "Dope"
At Point Of Gun; Tele-
phones Officers

CRAZED FROM USE OF DOPE

BISBEE, Jan. 2.—When Dr. Hawley looked down the barrel of an ugly Colt's automatic early yesterday morning, his surgical hand took him in its grip. Otherwise he would have gone rattled and the consequences might have been serious. As it was, he did not rattle one little bit, but told the man with the gun to wait a minute, and stepping in the next room telephoned for an officer. Officer Kempton responded promptly and while the man with the loaded gun covered the doctor, who had returned to the room, Kempton stepped behind him and pinioned his arms, gun in hand. The man with the gun has gone back to the army camp and has been ordered to six months confinement. In that time it is hoped he will be relieved of the cocaine habit, which was at the bottom of his performance in the office of the doctor. He went there to ask for a prescription for cocaine. Being refused this he demanded the delivery of some of the drug, and when refused any consideration whatever in that line whipped out his revolver and covered the doctor, with the threat that he would kill him unless he gave up cocaine. The doctor called the officer, believing the man was insane, the doctor declined to prefer charges against him, but saw to it that he was turned over to an army patrol with recommendation that he be entered in the hospital for treatment for the cocaine habit.

VALLEY BANK AT PHOENIX OPENS DOORS AGAIN

Arizona Institution Re-opens
For Business With Rush
Of Depositors

DEPOSITORS ARE CONFIDENT

PHOENIX, Dec. 31.—There was a tremendous run on the Valley Bank this morning when it opened its doors for business, but it was a run of depositors anxious to show their faith in the institution. In the first half hour of the business day the deposits exceeded the withdrawals in the ratio of ten to one. When the doors were thrown open sharp on the stroke of ten a crowd of depositors and others drawn by curiosity had gathered in front of the bank and the opening of the long closed entrance was greeted with ringing cheers. Those who had deposits to make bowed their way to the front and told those who wished to make withdrawals to "wait until we get enough money here to pay your checks without disturbing the capital of the bank." Many who came to draw remained to deposit and in an hour the excitement was all over and the bank has settled down to the staid routine of business. R. E. Moore, the new vice president and cashier, who will assume the active management of the local bank, has been manager of a string of six important banks in the Gila valley.

NEWSY ITEMS OF ARIZONA

Prepared in Condensed Form From
All Over the State

ENOUGH TROOPS ON BORDER TO WHIP ALL MEXICO

Uncle Sam now has enough men on the Arizona border to whip all warring factions in Mexico. A coroner in Arizona suggested that it was no more a violation of neutrality for the United States to shoot into Mexico than for Mexicans to shoot into the United States, and his common sense view of the question seems to have aroused the State Department to action.—Texas-Kansas Four States Press.

It is pretty difficult to escape the logic of an Arizona coroner.—Austin American.

UP AGAINST IT

Here is an absolutely authentic extract from the first issue of a western newspaper: "We begin the publication of the Roca Mountain Cyclone with some phew diphtheries in the way. The type pounders phrom whom we bought our outfit for this printing outfit phailed to supply us with any ephs or cays, and it will be phour or phive weex ephore we can get any. We have ordered the missing letters, and will have to get along with out them until they come. We don't like the look of this variety of spelling any better than our readers' but mistax will happen in the best regulated phamiles, and iph the eph's and c's and x's and q's hold out we shall ceep (sound the c's hard) the Cyclone whir-ling apther a phashion till the sorts arrive. It is no joke to us—it is a serious aphair."

Arrested For Cattle Stealing

Perry Jones and Frank Edwards, two young trappers from the Chiricahua mountains, was arrested yesterday by Sheriff Wheeler and Deputies Cross and Hayhurst on a charge of burglary and cattle stealing. The officers made a special trip by automobiles 30 miles over miserable roads to make arrests. The men were brought to Douglas this morning and were given their preliminary hearing before Justice Maclay. Both waived the hearing and were bound over to the superior court in the sum of \$1000 each. They failed to make the necessary bail and were taken to Tombstone by Sheriff Wheeler and Constable Hayhurst.

Floods Do Damage

The house and all the belongings of Mrs. J. C. Powers, widow of the famous "Maricopa Slim" Powers, were swept away by the recent flood at Maricopa the last of the week, and the lives of Mrs. Powers and her two children were barely saved, according to advices received.

Children's Home

Because Arizona women feel that they should not consent to have California take care of the homeless children of Arizona, the women present at the meeting for the incorporation of the Arizona Orphan's Home association enthusiastically voted to take immediate action for raising the funds for incorporation and for beginning the building as soon as possible. Mrs. Julia Atix has donated three acres of land south of Tucson for the location.

LOOKING BACK- WARD 24 YEARS IN TOMBSTONE

Interesting Items that Ap-
peared in the "Prospector,"
this Date, 1891 Remin-
iscent of the Pioneer Days

A dispatch received at this office this morning states that Jack Snyder, county assessor of Pima county, was counting his money in his office preparatory to turning it over to the county treasurer, when three masked men with drawn revolvers entered and compelled him to throw up his hands. While two of them kept him in this position the other one scooped \$4000 into a sack and the three men skipped.

The strained relations which have been growing more stringent between the United States and Mexico have been broken as far as Arizona and the state of Sonora are concerned, by a meeting of two diplomats of ordinary caliber—General Fenochio and John Slaughter—the former chief of the frontier guards, and the latter sheriff of this county. There was no Brussels carpet on the floor, no champagne on ice, private secretaries and red tape, but a good old frontier "Hello Cap," and "How dydo John," and an adios, and today the result was announced in the following letter to Sheriff Slaughter: Guaymas, Jan. 1, 1891.

To J. H. Slaughter, Sheriff, Tombstone, A. T.

Col. Fenochio, Chief of Frontier Guards has today issued orders to his men to allow cowboys to cross the line with horse and saddle in search for stock. Inform cattlemen of the frontier.

A. WILLARD.

This means that no papers will be necessary hereafter in crossing the line as has been the rule since the McKinley bill.

C. S. Fiy has returned from a trip to Huachuca where he took some magnificent views of the country in the immediate vicinity of the Fort. He will return there again in a few days; his portable gallery is still there.

EL PASO-SAN DIEGO RACE NEXT ON THE PROGRAM

Scheduled to Be Held March
20th.; Purse of \$10,000
Will be Raised

The next big feature in the automobile world on the southwest will be the El Paso-San Diego race, which is scheduled to be held about March 20, according to recent information. While recent storms have badly damaged the course, it is stated that automobilemen from the coast to El Paso will begin at once a campaign for their betterment.

From all parts of the country have come assurances, according to Harry Locke, that the entries will be numerous. The purse of \$10,000, which it is proposed to raise, will prove an attraction for the best drivers in the racing game while the prestige to be gained by sending a car over so long a course will be sufficient to guarantee the interest of the manufacturers.

KILLING AT M'NEAL YESTERDAY; FUED OVER VALLEY LAND ENDS IN TRAGEDY; MAN UNDER ARREST

Man By Name of Johnson Has Top of Head Blown Off
By Charge From Shotgun When He Visited
Ranch Home With Companion at Night

SHERIFF WHEELER ON THE JOB; PRELIMINARY HELD SOON

AUTO LICENSES

FOR YEAR 1915
NOW RENEWABLE

Over 3000 Tags Issued Since
Yesterday by Secretary
Of State Osborn

PHOENIX, Jan. 2.—All 1914 automobile and motorcycle licenses expired with the old year. All persons not having new 1915 license numbers on their motor vehicles are liable to arrest after that hour.

Secretary of State S. P. Osborn's office has been swamped all day by persons flocking in to obtain new number plates.

At 3 o'clock this afternoon 3000 automobile licenses had been issued. There are about 5000 automobiles and 750 motorcycles in the state. The number of motorcycle licenses issued was not given out.

Had It Ever

Occured To You

Had it ever occurred to you that you had as well try to be a successful physician without attending a medical school, or a successful lawyer without attending a law school, or a successful minister without attending a theological school, as to try to be a successful banker or merchant or business man of any kind without first getting a practical business training? If you wanted to make a first class doctor, lawyer or minister, you would attend a university with a reputation. Why not use the same good judgment in selecting a business school in which to secure your training? The Tyler Commercial College of Tyler, Texas, is the business university of the South; it enrolls more students annually for Bookkeeping, Business Training, Shorthand, Business Administration and Finance and Telegraphy than any other similar school in America. Its students have come from 39 different states; its graduates are holding the very best of positions in the leading cities of the United States.

If you will spend \$100 for tuition, board and books for a course of Shorthand and Typewriting or \$110 for Bookkeeping and Business Training or \$115 for Telegraphy and Station Work or better still, spend \$175 and complete any two of these courses, you will have made the best investment of your life. What young man or woman with grit and determination cannot raise this amount? Hundreds of students who borrowed every cent of the money to attend our school or gave us their note on tuition have found it the best venture of their lives; they were soon able to pay back the borrowed money, continue holding a job, or go into business for themselves, with assurance of success. If you always remain where you are you will always be what you

The Sheriff's office last night about ten o'clock received word that a man by the name of Johnson had been killed at McNeal.

Sheriff Wheeler, accompanied by Deputies Bowden and Rafferty at once left for the scene, and while no particulars leading to the tragedy are available, it seems that a man by the name of Si West had filed on a parcel of land which a man named Johnson claimed to be his. It is believed that they had trouble and the climax came last night when Johnson and another man named Moore went out to the cabin, where West was sleeping, and while peering through the door Johnson received a charge in the head from a shotgun, killing him instantly. West then mounted a horse and started for Bisbee and was met by Deputy Sheriff Brakefield, who had been started by Sheriff Wheeler, on horseback, to the scene. He was put under arrest, and the preliminary will be held within the next few days.

are. More than 100 new students will enroll before this month closes. Why not you be among the number? You can enter any day and take up the work. For large free catalogue, verifying all the above claims, fill in and mail.

AN IMPOSSIBLE THING

The really good newspaper promotes the interest of the town in which it is published to such an extent that it becomes impossible to place an estimate upon its worth. There is no enterprise that does so much for the corporation or the individual citizen as the paper. It is the friend of every of everything that stands for the upbuilding of the community. The paper has not yet come into its own, however, because it is never appreciated to the extent of its worth by the people at large. Yet when battles are to be fought for town or county a rush is made to the newspaper office, always to find the loyal editor ready, frequently without hope of reward.

Many other enterprises are encouraged by a bonus, but rarely is the paper offered any such help. Communities not infrequently lose sight of their real benefactor when they fail to recognize the paper in their midst as such.

For these and other good reasons the town and county should receive the support of the public at large in a very liberal degree, for it is really the most important business man and is not a mendicant and should be recognized as the most important factor in the community, for poor indeed is the town or corporation that has not at least one of these necessary persons in it.—Exchange
